## Donation Guidelines

### Shop and Give Back at the Same Time!

Changes Thrift Store serves a vital role for survivors who often give up everything to flee for safety. All proceeds generated from your purchases directly fund the free programs and services for survivors of domestic and sexual violence offered by Turning Points Network.

### You Can Have a Direct Impact

Your donation of new or gently used items help fund prevention and intervention services in our community. Your items may directly benefit one of our survivors as they come to shop in our store. Through our Voucher Program, survivors use vouchers to get what they need at Changes for no charge. Remaining items are sold to the public.

### What Can You Donate?

**We are always in need of in season, in style, new or nearly new clothes.** We all have clothes in our closet that are barely worn, or still have tags. Changes is the perfect place to feel good about parting ways with these clothes, shoes, bags, and accessories. You can empower women, children and men through the clothes in your closet!
